Office Hours: Mon-Thur 9am-5:30pm
Fri 9am-5pm, Sat-Sun CLOSED

STEP 1 Remove the cover from the Storage Bag. Avoid contact with the floor where possible to avoid the inner lining of the cover coming in contact with dirt and grit before being fitted.

STEP 2 Place the rolled up cover onto the car. We suggest starting from the front of the vehicle and rolling the cover out to the rear of the car.

STEP 3 Position the cover centrally to the car and ensure the mirror pockets are in-line with the mirrors. If not, rotate the cover around. Avoid contact with the floor if possible.

STEP 4 Open out the cover to locate the mirror pockets. Take hold of the pockets and pull down over the door mirrors. Repeat for other mirror pocket.

STEP
5 With the cover now secured by the mirror pockets, pull down the rear of the cover over the boot and underneath the bodywork.

STEP
6 Repeat for the front of car. Adjust the cover where necessary as you go until the cover is in position.

STEP
7 Once secured go around the car and pull gently to adjust the fit to your satisfaction.

STEP
8 Your cover is now fitted. To remove the cover simply reverse this process and return to storage bag.

Maintenance Instructions

Our tailored outdoor covers can deliver years of valuable protection for your car. To maximise the benefits from your cover always remember to adhere to the following:

ONLY COVER A CLEAN CAR. It is advised that the cover is placed on a clean car whenever possible as dirt, dust and grit could cause scratching. All our covers are totally breathable, therefore for peace of mind we advise quickly rinsing down the car before covering as the water will dry through the cover.

KEEP COVER OFF THE GROUND. To prevent dirt and grit from potentially coming between the cover and the paintwork, do not allow the inside of the cover to touch the ground.

COVER CARE. When cleaning the cover we advise, for best results and for the long term benefit of the product, that you use a damp cloth in warm water. See label on the cover for instructions. Allow to dry naturally.

DO NOT CLEAN IN ANY WASHING MACHINE OR DRY CLEAN.
