# THE HOME OF TAILORED COVERS AND PROTECTIVE ACCESSORIES

**Specialised Covers is a family-run company and at the core of our business is a dedicated team of car, caravan and motorcycle enthusiasts.**

For over 36 years we have pioneered the protective vehicle cover industry and have a heritage our competitors can only envy.

Experience and skilled craftsmanship goes into all our covers and accessory products.

We use the very best fabrics and our tailored designs give our covers their unique fit, which is second to none. Specialised Covers provide Savile Row style tailoring for vehicles. The covers and products we create are completely bespoke. We work around each curve and angle, with meticulous precision, to ensure a Specialised Cover that fits as well as a tailor-made suit.

We're as passionate about protecting and preserving vehicles, and will always provide the best possible solutions with a service to match.

All Specialised Covers are designed and manufactured in-house, in the UK, under ISO 9001 quality supervision. Whilst using the most up to date manufacturing techniques, our production facility in West Yorkshire houses some of the UK's most experienced tailors, designers, seamstresses and a state of the art digital cutting machine.

Our approach to the protective cover market is unique because we never settle for anything less than perfect - each and every product we produce is distinctive due to its quality, longevity, and attention-to-detail.

*“For over 36 years we have pioneered the protective vehicle cover industry”*

# WORKING WITH YOUR BUSINESS

**Over the years, we're proud to have built ongoing relationships with the automotive industry's most prestigious manufacturers, as well as supplying the biggest and most well-known names in the leisure and motorbike industry.**

Exceptional service, coupled with our bespoke covers and accessories, is synonymous with the world-class businesses we work with. We don't treat customer service as a luxury; it is a fundamental part of our business.

From products designed to protect new vehicles during the production process, to driving covers and showroom reveal covers, Specialised Covers considers the complete journey that a vehicle goes through, and so all our products are tailored to your requirements.

For more information about any of our products in this brochure, or have additional requirements, speak to our dedicated team.

# INTERIOR AND EXTERIOR BODY WORK PROTECTION

Vehicles, unfortunately, can suffer damage during production and maintenance. Manufactured from a choice of materials, depending on the level of protection required, we offer an innovative reusable interior and exterior protection solution.

These products are designed and manufactured to provide high quality, tailored branded protection to vehicle wings, sills, as well as the front and rear.

## FEATURES

- Non-scratch material
- Anti-slip backing
- Ventilation mesh over headlamps and front grille areas
- Adjustable fixing hooks, or Velcro fixing
- Colour options
- Branded options

# DRIVING COVERS AND CAR BRAS

Testing new cars and transporting them can cause unexpected damage to paint work as well as revealing the car before you may want anyone to see it.

Our Driving Covers are fully tailored to the make and model of vehicle, ensuring a perfect fit. With key access points and wheel cut outs, our Driving Covers are manufactured from a choice of materials depending on the level of protection required.

Ideal for track testing, transportation between key locations or simply to keep a new model under wraps, Driving Covers are the perfect solution.

Alternatively, our tailored Car Bras offer protection to the front of a car during test driving, protecting the paint work from chips and stones.

## FEATURES

- Fully tailored
- Wheel cuts out
- Vents for lights and grilles
- Door access
- Bonnet / windscreen access
- Perspex panelling

# SEMI FIT COVERS

Our Semi Fit Covers offer semi-tailored vehicle protection, ideal for short-term outdoor storage on a forecourt or dealer facility. Manufactured from a choice of materials, depending on the level of protection required, they can help shield cars from the elements as well as knocks and scrapes that can sometimes happen.

## FEATURES

- Semi-tailored
- Choice of materials
- Perspex panelling for registration plate

# SILK REVEALS

Made from a composition of satin and silk, our Reveal fabric adds sophistication to any dealership or launch event. The cover flows over the car, elegantly concealing the vehicle's identity for unsuspecting passers-by or visiting guests.

Perfect for launch parties, press days and gift presentations, our Reveal Covers, which can be branded and come in a range of colour options, are used by some of the world's leading manufacturers.

# WORKSHOP COVERS

As well as vehicle covers, we manufacture protective solutions for workshops / workspaces to help make the area look neat, tidy and stylish. We manufacture tool box covers, racking covers, monitor covers, covers for stations – everything is bespoke, so we can design something specifically for you and your workshop, whatever it is.

With the ability to make tailored covers for almost anything, we have collected the world's biggest and most impressive inventory of fitted patterns and designs, including some of the world's rarest and most collectable vehicles.

Working with some of the world's most prestigious automotive names, major Formula 1 teams, sports personalities and royal family, Specialised Covers have been the trusted name in vehicle cover protection for over 36 years.

If you have specific requirements, don't hesitate to give us a call.
