

SIDE GAS LOCKER / BATTERY BOX

- We need the dimensions indicated by the red arrows on the illustration on this page. It is important that the measurements are taken from your caravan and **not** from the manufactures brochure. We understand that the positioning of side locker boxes can vary between caravans; therefore, if you could provide the dimensions from the rear of the caravan (**D**) as well as from its base (**C**), it will help us accurately identify the position.
